A Captain In the Ranks

By... GEORGE CARY EGGLESTON

Copyright, 1904, by A. S. Barnes & Co., Publishers, 156 Fifth Avenue, New York

All was now spoiled, as he thought, when he so precipitately declared his love there in the vine clad porch. Barbara was obviously surprised. Duncan could not quite make out whether she was shocked or not, whether his declaration of love pleased or distressed her, for she made no answer whatever. Instead she nervously plucked honeysuckles and still more nervously let them fall from her hands. Duncan was standing now and in torture lest he had spoiled all by his precipitancy. He waited as patiently as he could for the girl's answer, but it came not. Her silence seemed ominous to him. It seemed to mean that she was shocked and offended by a declaration of love for which he had not in any wise prepared her. But Duncan was a man of action. It was not his habit to accept defeat without challenging it and demanding its reasons. So presently he advanced, passed his arm around Barbara's waist

a winning. I rejected the bribe, of course, and told him what I thought of him, and that seemed to me enough. "Well, it wasn't. You ought to have told me. Then we could have made him put his offer into writing or make it in my presence. As it is he's got you where the hair is uncommonly short." "How do you mean?" "Why, he has written to the financiers telling them that as soon as they employed you, you went to him and demanded a payment of \$10,000 as an inducement to you to make a favorable report; that he refused and that consequently your report was adverse. They will refuse to build the railroad, but they have written to ask me as to your integrity." "The infernal scoundrel! How?" "It doesn't pay to call him names. We must think out a way to meet this thing."

BATTLE OF GIANTS

Roosevelt and Harriman Engage In Tilt That Passes Beyond the Retort Courteous.

BIG POLITICAL SENSATION

Harriman's Alleged Statement That President Asked Him to Raise Slush Fund in 1904 Denied by Roosevelt.

The Publication of an Old Letter of the Railway Magnate Starts Things to Sizzling.

New York, April 3.—Not in years has there been such excitement in politico-financial circles as that occasioned by the publication of an old letter of Edward H. Harriman to Sidney Webster, in which Harriman declares that Theodore Roosevelt appealed to him to save the Republican party from defeat in 1904. Coming at the time it does with the railroad situation in acute stage and with the entire nation's eyes focused on Harriman and Roosevelt, the possible effect of the letter baffles even an intelligent guess.

But of even greater consequence is the attitude in which it places President Roosevelt, who on Nov. 4, 1904, made the unequivocal declaration that the charge made by Alton B. Parker that the trusts were furnishing the Republican campaign committee with funds was "atrociously false."

Harriman's letter states that the president had appealed directly to him and that he had raised the \$200,000 desired to swing the vote of New York state into the Republican column. Harriman admits writing the letter.

Senator Depew, when asked about the Harriman letter, said: "I know nothing about it, except the part that refers to me as a possible ambassador to France. It is true that a friend told me that I might be appointed to that place, but I told him that I did not care at all for the ambassadorship. That is all I can say about the Harriman letter."

Cornelius N. Bliss, treasurer of the Republican national committee, made this reply to questions: "I have not seen the Harriman letter; I don't want to see it, and if I did see it I would say nothing about it."

ROOSEVELT DENIES IT

President Lays the Burden of Proof Upon Harriman.

Washington, April 3.—President Roosevelt has given the lie to the assertions made in the alleged Harriman-Webster letter, by making public copies of letters which the president wrote to Congressman Sherman of New York last October.

In one of these letters the president said: "I understood you to say that he (Harriman) alleged that I made this promise (referring to Depew as ambassador to France) at a time when he had come down to see me in Washington, when I requested him to raise \$250,000 for the Republican presidential campaign which was then on. Any such statement is a deliberate and wilful untruth—by rights it should be characterized by even a shorter and more ugly word. I never requested Harriman to raise a dollar for the presidential campaign in 1904."

Victims Now Number Fourteen.

Fort Worth, Tex., April 3.—Eight additional bodies have been found under the debris of the wreck of the freight train which collided at Bethel switch, south of here, Monday, on the Missouri, Kansas & Texas railroad. This makes fourteen men who lost their lives by the wreck.

REPUBLICANS WIN

Frederick A. Busse, Postmaster, Has Been Elected Mayor of Chicago.

DUNNE'S DREAM SHATTERED

Proposition For Immediate Municipal Ownership of Street Railways Rejected by the People.

The Wisdom of the Platform Proposed by the Republicans Confirmed by the Voters.

Chicago, April 3.—The total vote for mayor follows: Busse, Rep., 164,839; Dunne, Dem., 151,718; Brubaker, Pro., 5,875; Koop, Socialist, 13,459.

Chicago, April 3.—The most intense campaign in municipal election that Chicago has experienced in many years closed Tuesday night with the election of Frederick A. Busse, the Republican candidate for mayor, over Edward F. Dunne, his Democratic rival and a candidate for re-election, by a plurality of about 13,000 votes. The issues in the campaign have been largely based upon the improvement of the local traction system. Both parties were agreed that present conditions were intolerable, but differed as to the best method to be employed in revising them. The Democratic party, headed by Mayor Dunne, stood for immediate municipal ownership through condemnation of the streetcar properties, if the result could not be obtained in any other way. The Republican party favored ordinances which were recently passed by a Democratic city council over the veto of Mayor Dunne. These ordinances provided for twenty-year franchises for the streetcar companies, the city retaining the right to purchase the systems for \$50,000,000 plus the amount to be spent for immediate rehabilitation of the lines, six months notice being necessary of the city's intention to acquire the property. The ordinances also provide for universal transfers throughout the city, a five-cent fare and 55 per cent of the net revenue of the companies to be paid to the city. The fight for and against the adoption of these ordinances has been exceedingly bitter. They were carried Tuesday by a majority of about 40,000 votes.

The vote showed a decided reversal of public opinion on the question of municipal ownership compared with the last mayoralty campaign two years ago. At that time Dunne received 163,189 votes against 138,671 for John M. Harlan, the Republican leader. The Prohibitionist ticket received 3,294 votes and the Socialist 23,034. This year the Republican vote was close to 165,000 and that of the Democrats close to 118,000. The Prohibition vote ran slightly above that of two years ago, while the Socialist vote fell off heavily, it being more than 12,000 less than that of the last city election.

The campaign was one of the most bitter the city has ever known. Charges and counter charges were hurled back and forth, the personal lives of the candidates were held up to the public, and throughout the entire campaign speakers on both sides indulged night after night in tirades that were filled with invective and abuse.

Mayor Dunne abandoned hope within two hours after the polls had closed. He received the returns at his home, surrounded by his family and a few friends. He appeared to be greatly affected by the result, and said: "It looks as though the money power has overwhelmed us, but our cause is not lost. Municipal ownership and governmental ownership will win in the end. This election has merely acted as a check. It will retard us for awhile, but the movement will go on and will in the end be successful."

Mr. Busse, who has for some time been postmaster of the city, was confined to his home during the campaign because of injuries received in a railroad wreck on the Pennsylvania railroad. When the result was beyond all doubt he gave out a statement to the following effect: "I am of course greatly delighted at the success of the Republican ticket. It shows the people of this city are in favor of immediate improvement of our present streetcar system and that they endorsed fully the ordinances passed by the city council over the veto of Mayor Dunne."

The new mayor will have the city council with him, but it is very close, as the make-up of this body shows thirty-five Republicans, thirty-four Democrats and one Independent Democrat. The ordinances settling the streetcar question were carried by a good majority. The total vote on this question was 165,846 for and 132,720 against.

"Dee-lighted."—Roosevelt. Washington, April 3.—When informed of the election of Mr. Busse as mayor of Chicago, President Roosevelt made this statement: "I am exceedingly pleased at Mr. Busse's victory. During his service as postmaster Mr. Cortelyou and I grew to feel that he possesses to a very marked degree administrative ability. I believe he will make an excellent mayor of Chicago, and I heartily congratulate the city."

Twelve Years of Service Ended. Quincy, Ill., April 3.—John A. Steinbach, for twelve years mayor of Quincy, was defeated by J. Q. Best, Republican, Tuesday, by a plurality of 300.

The Result at Springfield. Springfield, Ill., April 3.—With the exception of one alderman, the Republicans elected their entire ticket, headed by D. S. Griffith for mayor.

WOMEN IN HOSPITALS

Experiences of Mrs. Rockwood and Miss Tierney

MISS MARGARET TIERNEY

MRS. CHAS. A. ROCKWOOD

A large proportion of the operations performed in our hospitals are upon women and girls for some organic trouble.

Why should this be the case?

Because they have neglected themselves, as every one of these patients in the hospital beds had plenty of warning in those dragging sensations, pains at left or right of abdomen, backaches, nervous exhaustion, inflammation, ulceration, displacements, and other organic weaknesses.

All of these symptoms are indications of an unhealthy condition of the female system and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has saved hundreds of women from surgical operations.

Lydia E. Pinkham's Vegetable Compound has cured more cases of feminine ills than any other one remedy. Such letters as the following

SELECTING A JURY

In the Ruef Case Will Probably Be a Tedious Task.

San Francisco, April 3.—The work of obtaining a jury for the trial of Abraham Ruef on one of the five charges of extorting money from French restaurants, for which he was indicted by the grand jury, was resumed today before Judge Dunne.

The case chosen for trial first is that in which the Delmonico restaurant is involved. It was selected by the prosecution as likely to present the strongest evidence against Ruef on these minor charges of graft. Before the grand jury Maifantia, the principal proprietor of the restaurant, testified that he had paid Ruef \$1,175 and promised an additional payment of \$1,000 one year later, because of fear. This fear is regarded by the prosecution as the basis of the extortion, whereas the defense will contend that the fear was not of Ruef, but of the conditions that existed and that Ruef was retained to combat the probable loss of license, of which the owners stood in fear.

LORY ON TRIAL

Indiana Man Facing Serious Charge in an Illinois Court.

Danville, Ill., April 3.—The trial of Frank C. Lory of Indianapolis, alleged confidence man, is in progress in the circuit court here before Judge E. R. E. Kimbrough. Lory entered a plea of not guilty, after the court had overruled his motion to quash the indictment.

Four years ago Lory, with Max Beaver, appeared in this city with a story of a fabulous amount of wealth which had been found in an Alaskan mine. They were willing to sell stock. An exhibit of gold was placed in a local store window. Crowds surged to see the wealth, and others bought stock. The deals for the stock had scarcely been closed when assessments began and the stockholders began to pay. A representative sent from here to Alaska returned with the story that the mine was a fake. After a long search Lory was arrested last fall in Indianapolis, where he was working for a shirt company.

New Pest's Extensive Ravages.

Oklahoma City, April 3.—C. V. Topping, secretary of the Oklahoma Millers' association, who has received reports from every section of Oklahoma in a report made public today estimates that 15 per cent of the wheat and 25 per cent of the oats crop is destroyed by the green bug. There is, he says, not a section where the pest has not appeared, while in some sections both crops are wholly destroyed. The bug is now beginning to fly, and it is believed the next ten days will see the end of its ravages.

Twelve Years of Service Ended.

Quincy, Ill., April 3.—John A. Steinbach, for twelve years mayor of Quincy, was defeated by J. Q. Best, Republican, Tuesday, by a plurality of 300.

The Result at Springfield.

Springfield, Ill., April 3.—With the exception of one alderman, the Republicans elected their entire ticket, headed by D. S. Griffith for mayor.

ALTON B. AGAIN

Mr. Parker Revives Long Enough to Make a Statement.

Albany, N. Y., April 3.—Alton B. Parker, Democratic candidate for the presidency of the United States in 1904, displayed the keenest interest in the letter of E. H. Harriman, especially in regard to its relation to his own charge made in the 1904 campaign, that the great corporation interests were largely financing the Republican campaign. He issued the following statement:

"That \$150,000 was turned over by the Equitable, Mutual and New York Life insurance companies to Mr. Cortelyou's committee, has never been denied, of course. It was testified to under oath to a body who could have summoned Mr. Bliss and Mr. Cortelyou to the witness stand if it had been denied. It is safe to deny Mr. Harriman's statement, because there is not a committee before whom Mr. Bliss and Mr. Cortelyou and others can be summoned and compelled to testify. Congress has refused to make an investigation of the corporate contributions of 1904 or to pass a law prohibiting corporate contributions in the future. The moneys raised by Mr. Harriman and contributed by the life insurance companies, aggregating \$350,000, was but a drop in the bucket as compared with the total contributions by railroads and other great corporations. The public importance of an investigation at this time, therefore, cannot be overestimated."

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the sluggish, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with overwork. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

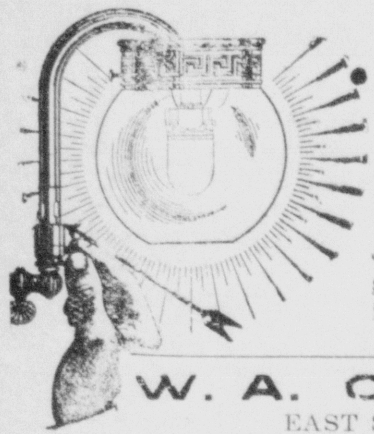

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, "sour" risings in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or so effectively as Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, greasy cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients under each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised. Don't accept a substitute of unknown composition for this non-secret medicine of known composition.

College Quartet.

The entertainment given by the Moores Hill College Glee Club last night at the German M. E. church was a most delightful event. The program was pleasing in its careful preparation and proved a very gratifying success. It was a most excellent exhibition of harmonious quartet singing and electrified the large audience. The singers responded very generously to the applause of the delighted audience with comic and catchy encores. The gentlemen, Messrs. W. L. Severinghaus and O. R. Ficken, tenors, and Messrs. Paul E. Edwards and J. F. Dashiell, basses, and the reader Miss Lela Marian Gray are members of the faculty and students of Moores Hill College of the Methodist church. They are high class entertainers and enjoy the very best reputation not only for themselves but also for the institution from which they come.

Miss Gray, the teacher of elocution at that college, will long be remembered by all who heard her excellent rendition of W. Wesley Martin's "Apple Blossoms." The crowded house was a sign of appreciation by the people of Seymour of this kind of entertainment. They are a treat and edifying.

His Dear Old Mother.

"My dear old mother" who is now eighty three years old thrives on Electric Bitters," writes W. B. Brunson of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the age and the same happy results follow in all cases of female weakness and general debility. Weak puny children too are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles. For sale by W. F. Peter Drug Co. 50c.

Home Talent Rehearsal.

The leading characters in the "The County Chairman" had a rehearsal Tuesday evening in order to have everything ready for staging the play at the Seymour Opera House again Thursday night. All the principal characters, except Judge Rigby who was out of the city were present. The indications are that the cast will put the play on in great shape as they did before. You don't want to miss seeing this the second and last production of the County Chairman by the home company.

Two More Recruits.

William Harding, of the vicinity of Chestnut Ridge and John Donnelly of near Crothersville, are two of the recent recruits at the local station. Both have passed their examinations and left Tuesday afternoon. Major W. K. Wright came up and accompanied them to Louisville. The boys have been in this city since they enlisted last Saturday. It is said that both have enlisted for the service in the Philippines.

DROPPED DEAD

William Tiemeyer Dies In Field Near Sauers Church.

William Tiemeyer, a well known German farmer, residing about a half mile southeast of the Sauers church, died suddenly about four o'clock Tuesday afternoon. He and two of his sons, the eldest fifteen years of age, had gone to the field to sow some oats where he was suddenly stricken with heart trouble and fell, expiring almost instantly. One of the boys was near him and saw him fall. It is said that Mr. Tiemeyer had been down with heart trouble most of the winter.

Dr. Empson, of Dudleytown, was called, and the County Coroner notified later in the evening. Coroner Dowden was expected to arrive this morning about eight o'clock.

Mr. Tiemeyer was born and raised in Jackson County and was about fifty years of age at the time of his death. He leaves a widow and five children, four sons and one daughter, the latter having married and moved to Idaho a few months ago.

Funeral at the residence Thursday at 10 a. m. Burial at Brownstown.

Rest is the great restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give to our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until as last Dyspepsia takes hold. Indigestion is just a warning! and if we heed the warning we can easily avoid further consequences. Kodol is a most thorough stomach relief. It digests what you eat and gives the stomach a much needed rest and greatly assists in restoring it to its normal activity and usefulness. Kodol is sold on a guarantee relief plan. For sale by all druggists.

Resolution.

At a special meeting of the Board of Directors of the Seymour Woolen Factory Co., held at the company's office on April 2, 1907 the following resolution was unanimously adopted:

RESOLVED, That through the recent death of Mr. John Oesting, who passed away on March 27th last after a brief illness, this company mourns the loss of a faithful associate, friend and officer, who during the period of over 30 years devoted his best efforts to the service of this company and who performed his official duties with unflinching fidelity. He was an exemplary citizen and a devoted father. To the bereaved family we tender our sincere sympathy and as a token of our deep regard we enter this resolution upon the records of this company.

DOING THEIR TUDY

Scores of Seymour Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys duty when they fail to do this the kidneys are sick, backache and many ills follow. Urinary trouble, diabetes Doan's kidney Pills cure them all. Seymour people endorse our claim.

Carl Moritz, policeman, of 117 East Fifth St., Seymour, Ind., says: "I suffered a great deal from kidney trouble. My back was very weak and lame and at times sharp cutting pains would strike me across the loins, and cause severe pain. The kidney secretions were greatly disordered being very painful in passing, too frequent in action and contained sediment if allowed to stand. My mother had used Doan's Kidney Pills with very good results, so I procured box at Milhous' drug store. They cured me of the trouble and I have had no return of it since. I consider Doan's Kidney Pills a splendid remedy." For sale by all dealers. Price 50 cents. Doan-Milburn Co., Buffalo, New York, sole agents for the United States. ARBUCKLES' ARIOSA COFFEE

"Our food was good—Bear steak, flapjacks, fresh bread, etc., but nothing seemed to warm and strengthen us as much as a cup of ARIOSA Coffee, which we kept in the original package and ground as needed." From a gentleman now in Bethlehem.

Arbuckles' ARIOSA was the first roasted packaged coffee,—packaged for the consumer's protection and the pores of each berry sealed after the roasting with fresh eggs and sugar to keep the goodness in and make the coffee settle clear and quickly.

They drank ARBUCKLES DEEP AND OFTEN, AND IT MADE THEM GREAT

Talk about "roasted fresh daily," the way to get a cup of coffee that tastes like coffee, with all the delicious flavor and aroma intact, is to buy Arbuckles' ARIOSA and grind it as you want to use it. Warning: a little develops the flavor and

makes the grinding easy. Coffee loses its identity as coffee after being ground or when exposed to the air. Never buy loose coffee out of a bag, bin or tin. If it were good the roaster would not be ashamed to sell it in a package with his name on it.

The value of Arbuckles' ARIOSA exceeds those of all the other packaged coffees combined. It is the best coffee for you, and costs you less.

If your grocer won't supply, write to ARBUCKLE BROS., New York City.

DIED.

MEYER—Anna Meyer, daughter of Mr. and Mrs. Harmon Meyer, of W. Brown street, died Tuesday evening at 6:30 after a lingering illness of about five years with lung trouble. Age 25 years, 10 months and 28 days. Besides her father and mother she leaves three brothers and one sister: Will, Ed and Otto Meyer and Mrs. Storey, the latter of Indianapolis. Mr. Meyer and family lived at Hangman's crossing till about four years ago when they moved to this city.

The funeral services will be held at the residence Friday afternoon at 2:00 o'clock and at the German Lutheran church at 2:30, conducted by the pastor, Rev. Philip Schmidt. Burial at the German Lutheran Cemetery, one mile west of the city.

HELLER—John W. Heller, Sr., of Brownstown, father of Dr. Fred Heller, of that place and a brother of Mrs. Henry P. Miller, of this city, died Wednesday morning at 11:20, after being ill for some time with heart trouble. Age 63 years, 7 months and 7 days. He was an ex-soldier, having served three years and one month in the Civil War. He was a retired farmer having moved from his farm a few miles south of Brownstown about five or six years ago. He leaves a widow, five sons and one daughter, all of whom live in Brownstown. Three of the children are married and three reside at home with their parents. There are also four grand children. Louis Heller, of the Union Hardware Company, of this city is a cousin of the deceased. He was a member of the Methodist church.

HUNTER.—Warren Hunter, the six year old son of Nathan Hunter, who formerly lived in this vicinity, died Sunday at their home in Indianapolis. The remains were brought to Seymour Tuesday morning and taken to the home of Tip Abel on Indianapolis avenue where funeral services were held Tuesday afternoon at two o'clock conducted by the Rev. Harley Jackson. Burial at Riverview cemetery.

HAPER.—Anna L. Haper, the three months old daughter of Mr. and Mrs. Charles Haper, died Tuesday night at their home at No. 713 N. Bill street, of gastritis. The funeral will occur at the residence Thursday afternoon at two o'clock. Burial at the Riverview cemetery.

TOVEY.—Mrs. George Tovey died at her home in Bedford Monday, April 1, age 32 years. Mr. and Mrs. Tovey lived in Seymour about ten years ago and had numerous friends here. She leaves one child, a daughter, fifteen months old.

FALSE ALARM

City Authorities Call Out Firemen Late at Night.

The fire department has been expecting a false alarm for several days and in order to have something to do the firemen made a little house of their own to have ready in case of an alarm. Every night since Saturday this has been left on the firewagon. After the adjournment of the council Monday night Mayor Kye and the members of the council went over in the third ward and after stacking up some barrels turned in an alarm and then applied a match. In about five minutes the firemen were there and throwing a stream of water.

This would seem to be one of the most inconvenient places in the city to get to because of the railway yards and the improvements under way on Chestnut and High streets, and it was generally expected that it would take the men some ten minutes to get there. When they slowed up at the fire plug in about four minutes after a half mile run the crowd was rather suspicious.

The firemen had gone to bed but hearing an unusual amount of noise down stairs they got up and dressed, remembering that it was the first day of April. One of the firemen had dropped to sleep again before the alarm came but they were all dressed ready to respond, otherwise it would have been impossible to make the record they made.

When they reached the place they unloaded their little house and touched a match to it and had a tiny little fire of their own.

The run was certainly a good one but might have accomplished its purpose better if it had come altogether unexpected to the firemen. The results show that, after all, the big horse can run some and can make time good enough for ordinary purposes on a half mile run.

The W. I. C. Society of the Baptist church will hold an open meeting at the home of Mrs. Dr. Ritter tomorrow evening. A good program has been prepared. A lunch will be served. A free will offering will be taken. a4d

Lost Wife's Money.

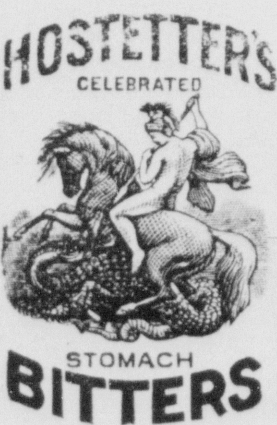

The Columbus Republican says that Addie M. Howell has brought suit in circuit court against her husband, Morton Howell, and three or four Seymour men to recover \$150 which she alleges was lost in a poker game in this city recently. She alleges that Howell gave a check against her bank account to pay his losses in the game. Is it possible that a gambling game is going in Seymour?

Red Men's Meeting.

The district meeting of the Red Men was held at Scottsburg Tuesday and was attended by J. B. Keith, Dr. B. S. Shinness and Engineer George Hudson, of this city. Mr. Keith returned home Tuesday afternoon and reported that arrangements were being made for a big time there Tuesday night with a parade, a banquet, etc.

Collided With Dray.

George H. Atwood, of South Haven, Mich., the traveling man who was run into by a dray Monday, was able to get away last evening. Monday as he was coming from the Hotel Jonas he was run into by a dray as he started to cross the street near the city building. He was picked up almost unconscious by two men who were near. He then went to a drug store where he secured some relief remedies. His right leg was hurt, the ligaments strained and he was otherwise bruised. Mr. Atwood had his samples at the hotel and had started over to town when the accident occurred. It seems strange that the driver did not see him since they were going in the same direction and there was nothing to obstruct his view as he came up behind Mr. Atwood. From information gathered it appears to have been a case of a driver approaching a crossing rapidly and without due caution for the safety of those on foot. Mr. Atwood's experience convinces him that drivers should be cautioned against careless driving.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Halls Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Halls Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo O. A DRASTIC ORDER

Johnson County Commissioners Put Jail Prisoners to Work on the Highways.

MUST ALSO WEAR UNIFORMS

An Order That Is Expected to Cause a Material Falling Off in Patronage of "Regular Boarders."

Prisoners in County Jail Will No Longer Be Permitted a Life of Idleness.

Franklin, Ind., April 3.—The county commissioners have approved an order drafted by the county attorney, in effect that hereafter prisoners in the county jail, both state and city, held for non-payment of fines or serving a sentence, shall work in the streets and highways of this city and county. While working for the city the prisoners will receive such pay as may be appropriated by the city council, and the city will furnish tools and a guard. Under the order the sheriff is authorized to buy regulation prison uniforms, which the prisoners will be compelled to wear during hours of labor and confinement. A series of punishments is embraced in the order for prisoners failing to work, or who may not be amenable to discipline. It is expected that the order will compel a material falling off in the number of "regular boarders" at the jail.

INTERESTING DECISION

Kentucky's Local Option Law Gets Into Indiana Court.

Evansville, Ind., April 3.—The temporary restraining order issued by Judge Louis O. Rasch, affecting the law prohibiting liquor dealers from sending liquor into local option counties in the state of Kentucky, is being watched with interest, and it is certain that the case will be carried to the highest courts of Indiana, it matters not which side wins in the local court.

Under a new law in Kentucky liquor must not be sent into any local option district, and all common carriers are prohibited from carrying liquor consigned to these districts. The Louisville & Nashville Railroad company has refused to accept beer from the F. W. Cook Brewing company of this city for local option points in Kentucky, and the company sued the railroad company, asking that it be enjoined.

Judge Rasch after hearing the arguments granted a temporary restraining order prohibiting the Louisville & Nashville Railroad company from refusing to carry the products of the Cook Brewery company into local option counties in Kentucky. The railroad company will appear in court through its attorneys and set up the plea that it is unlawful to carry liquor consigned to local option counties. The case is set for hearing on April 15.

Since the law went into effect in Kentucky on June 1 last numerous branch whiskey houses have sprung up in this city and they have been doing a big business. Many of the steamboat lines, it is said, have been carrying liquor consigned to the local option districts and will continue to do so on the ground that the Kentucky law conflicts with the law governing interstate commerce.

Editors Arrange for Outing.

Indianapolis, April 3.—A meeting of the Southern Indiana Press association was held at the Denison hotel Tuesday afternoon. It was decided to have the annual outing the week ending May 11. A trip up the Green river and a visit to the Mammoth cave was decided upon. All southern Indiana editors that desire to make the trip will please communicate with Secretary W. W. Aikens, Star, Franklin, Ind. The party will rendezvous and start from Evansville. The following officers were elected: President, Jay C. Smith, Republican, Seymour; vice president, Will K. Penrod, Tribune, Logansport; secretary, W. W. Aikens, Star, Franklin; treasurer, Frank Gwinn, Public Press, New Albany; delegates to the National Editorial association, E. A. Remy, Seymour; J. E. Caskey, Greensburg; W. W. Aikens, Franklin; Luther Short, Franklin; W. K. Penrod, Logansport; S. B. Boyd, Washington.

Women Highwaymen at South Bend.

South Bend, Ind., April 3.—Efforts of the police to break up a gang of the negro women who go armed and rob people within a stone's throw of the central police station, have proved fruitless. Yesterday T. W. Collier, who hails from Indianapolis, and who is a special agent of the Central Union Telephone company, was stopped by two negro women as he was going to his apartments at the Sheridan hotel, who held cocked revolvers to his head and robbed him of a watch and chain, \$23 in money, a set ring and checks for \$600. Collier has been here for several weeks. The robbery left him entirely without funds.

New Trial Refused.

Warsaw, Mo., April 3.—Major H. W. Salmon, convicted of illegal banking, was refused a new trial and sentenced to three years in the penitentiary. An appeal will be taken to the state supreme court.

Proctor's Will Probated.

Westerly, R. I., April 3.—The will of the late William H. Proctor, the soap manufacturer, who committed suicide in Cincinnati recently, has been filed in the probate court here. It directs that the property, amounting to \$10,000,000, be divided equally among his five children. There are no public bequests.

Rainey Comes Back With Bad Taste in His Mouth.

New York, April 3.—Congressman H. T. Rainey of Illinois, after spending eight days in the Panama canal zone, returned here enthusiastic over the progress made toward the great waterway, but most unfavorably impressed with the management of the commissariat department.

A careful investigation of the commissariat would, Mr. Rainey believes, bring to light a scandal "second only to the bun meat scandal of the Spanish-American war." The head of the department, he said today, was overworked and details left to subordinates were carelessly done. The chief trouble, he thought, lay in the fact that meat which left the United States in good condition and arrived at the isthmus well preserved, was not met at the dock as was supposed to be the case, by refrigerator cars, but instead was leisurely transferred in a temperature of between 80 and 90 degrees, with the result that unless served with a strong garlic dressing or gravy it was unpalatable.

Mr. Rainey said that he would prove that lunch served to the congressional party that recently visited the isthmus and which was supposed to consist of the menu served daily to canal workers at a cost of 30 cents a man, was in reality ordered five days in advance and cost \$1.65 a plate. While the commissariat was supposed to serve food at cost, the stewards were ordered to make a profit of at least \$50 to \$60 a week. Shoes that could be bought in the United States for \$3 a pair were sold by the commissariat, the congressman declared, at \$8 a pair. There was no doubt, he added, that "graft is rife somewhere."

To Canonize Pius IX.

Rome, April 3.—An ecclesiastical "process" looking to the beatification and finally the canonization of Pope Pius IX, who was elected in 1848 and died in 1878, has been begun in the diocese of Sinigaglia, where Pope Pius was born, and will be continued in the diocese of Imola, where he served as bishop. The "process" starts with inquiries and the examination of witnesses. The entire proceedings are very long, and in some cases last for a full century.

Roumania Quieting Down.

Bucharest, April 3.—It is officially announced that tranquillity has been re-established throughout the entire country. Now that the peasants understand the measures proposed by the government for the amelioration of their condition, the agitation is dying out.

Montana Becoming Good.

Helena, Mont., April 3.—The Griffin anti-gambling law, which prohibits all games of chance, is now in effect, and for the first time since the discovery of gold in 1863, faro, roulette, poker, dice, card games of all kinds and even slot machines are tabooed in Montana.

Satisfactory Conditions Prevail.

Lalla Marnia, Algeria, April 3.—In view of the satisfactory condition that prevails in the Oudja region, General Lamy, commander of the French column of occupation, has turned over the command of Oudja to General Delanneau and has returned to his regular duties at Oran.

St. Louis Democrats elected the entire city council ticket, all the members of the school board and eighteen of the twenty-eight members of the house of delegates.

An unsuccessful attempt has been made to persuade Nicaragua to discontinue the bombardment of Amapala, the Honduran seaport where President Bonilla has taken refuge.

Commander Robert E. Peary, who expects to set out about the last of June for the far north, says he firmly believes he will reach the pole this time, if the summer of 1908 is a normal Arctic summer.

SCROFULA A FAMILY BLOOD TAIN

Scrofula is not a disease that is acquired, under ordinary circumstances. It is a deep-seated family blood taint, handed down from generation to generation, blighting the lives and sapping the vital forces of innocent persons who have inherited this legacy of disease. Parents who are blood relations or who have a consumptive tendency, or blood disease of any character, are sure to transmit it to their offspring, and it usually takes the form of Scrofula. Swollen glands, brittle bones, weak eyes, sores and eruptions on the body, Catarrh, and often deformities with hip disease, are the principal ways in which the trouble is manifested. In some cases the blood is so filled with scrofulous germs and poisons that from birth the sufferer is an object of pity because of suffering and a total lack of health, while in other instances favorable surroundings and prudent living hold the disease in check until later in life. A deep-seated blood disease like Scrofula can only be reached by the very best constitutional treatment. A remedy is required that can renovate the entire blood supply and drive out the scrofulous and tuberculous deposits. S. S. S. is the greatest of all blood purifiers; it goes to the very bottom of all blood disorders and removes every taint and poison from the circulation, makes rich, healthy blood and cures Scrofula permanently. S. S. S. supplies the weak, diseased blood with the rich, health-sustaining properties it is in need of, and makes this life stream fit to supply every part of the system with strength and vitality. Scrofula yields to S. S. S. because it is a natural blood purifier. Write for book on the blood and any medical advice desired. No charge for either.

BUSINESS COLLEGES ARE FAILURES

In small cities and towns, because:
1. There is not a sufficient population to support a GOOD school;
2. Such schools are usually conducted by persons who are NOT qualified, or who make it a practice to travel about and de-fraud their patrons;
3. There are few if any opportunities for their graduates to secure employment in such localities;
4. The THOROUGH business colleges are located in the larger cities and are conducted by persons who are qualified;
5. The graduates of business colleges in small cities are not able to secure employment in large cities when thrown in competition with the THOROUGH graduates of high-class schools, as business men have no time to experiment with incompetents. Therefore, be wise. Send for the finest 68-page catalogue ever issued by a commercial school, before deciding to throw away your money for a worthless training at some cheap school.
